**Please note that you can not choose two research sections from the same divisions.**

### About a Registration Procedure

● The students should fill the Course Registration Form and then they should get the professors' stamps.

● The students should choose two major fields of study:

Major Subject I: One which students belong to when they enter the doctoral course

Major Subject II or Minor Subject I: One from the Department of all of major fields.

● The students should bring the registration form to the Administration Office **from May 1 2024 to May 17 2024.**
