

KU-UW Internatinal Joint Symposium

Seeing & Studying Humans through New Technologies

Date: **January 28 (Wed) '26**
Venue: **Shinryoku Memorial Hall**

Registration Deadline
Jan. 14

Please refer to the email sent to each laboratory.

9:30 *Opening Remarks*

9:45 **Session 1: Unraveling Cellular Complexity: Illuminating Cells by Single Cell Analysis**

11:35 **Session 2: Visualizing Life: Advances in Microscopy**

15:00 **Session 3: Decoding the Human Blueprint: Omics Approaches**

16:50 **Session 4: Designing the Future: Innovations in Cell Engineering**

18:10 *Closing Remarks*

Program

CMX KU-UW Alliance Project

Organized by: Kobe University Center for Medical Transformation (CMX)

Co-organized by: Department of Pharmacology, University of Washington

Supported by: JST Fusion Oriented Research for Disruptive Science and Technology Program,
AMED AIMGAIN, Becton, Dickinson and Company, Carl Zeiss AG, 10x Genomics, Inc.
